For the Isaale Thawaab of all Marhumeen

Updated June 2015: As a matter of precaution, **10 minutes** have been added to the original timings of **Fajr** salaah and **5 minutes** to the original timings of **Maghrib** salaah to obtain certainty with regards to adherence to the Shari'i timings of the salaah. In view of these adjustments, those intending to fast should stop eating and drinking on or before the time of **Imsaak**, and not continue till the time of Fajr salaah.
